

WORLD'S FINEST BEEF CASINGS

IT'S THE SKIN THAT MAKES THE SAUSAGE

As an experienced and globally trusted specialist in natural sausage casings, CTH can meet every need regarding sausage casings. We offer a complete range of beef casings of finest South-American quality. These large-caliber casings are traditionally used for sausages like Mettwurst, Kochwurst, Cooked Sausage Ring, blood sausage and liver sausage.

Improving your solutions. Naturally.

INGREDIENTS

SAUSAGES WITH A PERFECT BITE, TASTE & LOOK

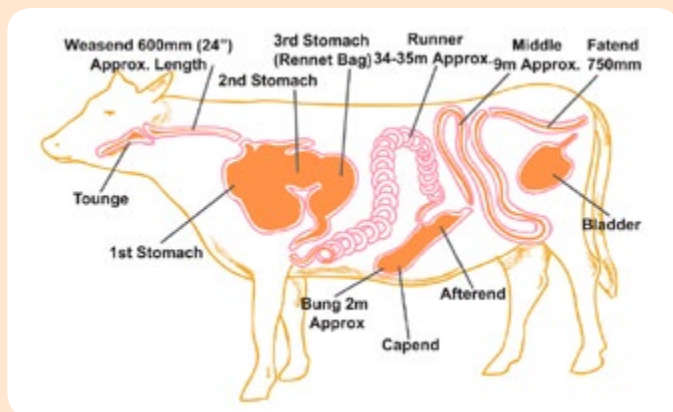

Our natural beef casings are derived from the intestinal tract of farmed oxen from BSE-free countries. They are produced from healthy animals, inspected and approved for human consumption. Their unique properties – the result of careful material selection and the best traditional processing methods – will give your sausages that perfect look, bite and flavor customers will keep coming back for.

CLEAN, FRESH, FREE OF ADDITIVES

Our casings are clean and fresh with a natural color and odor. They are free of chemicals, foreign elements, mucosa and other parts of the intestinal tract. The only additive is salt or brine we use to preserve the casings.

PACKAGED THE WAY YOU WANT

We can supply our beef rounds, beef middles and beef bung caps packed according to the requirements of our clients. This can be standard big barrels, but also smaller units are possible such as buckets or E2-crates (or similar deposit packaging). Goods can be supplied dry-salted or in brine (in sealed vacuum bags).
