

WORLD'S FINEST HOG CASINGS

IT'S THE SKIN THAT MAKES THE SAUSAGE

As an experienced and globally trusted specialist in natural sausage casings, CTH can meet every need regarding sausage casings. Because of our unique integration with the slaughter line, the freshness and bacteriological properties of our products are unsurpassed in the business. The hog casings, fatends and afterends are suitable for many kinds of dry, smoked, cooked or fresh sausages.

Improving your solutions. Naturally.

DARLING
INGREDIENTS

SAUSAGES WITH A PERFECT BITE, TASTE & LOOK

Our natural hog casings, fatends and afterends are produced from healthy animals, inspected and approved for human consumption. Their unique properties – the result of careful material selection and the best traditional processing methods – will give your sausages that perfect look, bite and flavor customers will keep coming back for.

THE STRICTEST QUALITY GUIDELINES

At CTH, we source our raw materials on a global scale and under very strict sourcing and selection procedures. Our casings are derived from healthy animals, inspected and approved for human consumption. We select our casings at our production sites in China and Portugal, where our skilled workers carefully inspect and calibrate them according to our strict quality guidelines and under HACCP, ISO, BRC and IFS quality standards.

CLEAN, FRESH, FREE OF ADDITIVES

Our hog casings, fatends and afterends are clean, fresh and have a natural colour and odour. With the exception of salt, the natural casings are free from chemicals, foreign elements, mucosa and other parts of the intestinal tract.

PACKAGED THE WAY YOU WANT

We can supply our hog casings, hog fatends and hog afterends packed according to the requirements of our clients. This can be standard big barrels, but also smaller units are possible such as buckets or E2-crates (or similar deposit packaging). Goods can be supplied dry-salted or in brine (in sealed vacuum bags).

PRODUCT DESCRIPTIONS

Hog casings

CTH is globally trusted as the provider of a full range of strictly selected calibers of long-stranded material suitable for all kinds of automatic filling lines. Our experience, expertise and close cooperation with customers enable us to offer tailored, ready-to-use- solutions, such as easy-fill bundles, casings in vacuum bags or casings on soft or hard tubes.

Your global, turn-key supplier CTH specializes in sourcing, processing and selling natural sausage casings from hog, sheep, beef and horse and meat by-products from hog, beef, sheep and poultry. With over 50 years of experience, we are a global turnkey supplier for customers in the meat processing and food industries, as well as in the pharmaceutical and pet food industries. CTH is a part of Darling Ingredients. For more information, please contact our sales team or visit our website.

Hog afterends

Our hog afterends are suitable for dry and cooked sausages, such as Saucisse de Morteau and Saucisse à cuire.

We produce them according to the following specifications:

- Well calibrated material from 40/43 to 70/+80mm;
- Different lengths from 20cm to 65cm;
- Tied, with cheville (wooden pin) or bundles of 8m.

Hog fatends

Our hog fatends are ideal for producing dry sausages, for example Salzichon and Lomo, or cooked sausages, such as Hausmacher. All fatends are produced according to our customers' standards using traditional methods. We produce hog fatends according to the following specifications:

- Well calibrated material from 50/55 to 75/80mm;
- Filling weights from 800/1000 to 2500+ grams;
- Tied, with or without loop.

Quality	Application
IA	Cooked sausage
B	Dry sausage
