**WHY CHOOSE PEPTAN FOR YOUR APPLICATIONS?**
The Peptan Expertise Center focuses on new product and application developments, and innovation in nutritional science and research. Our technical experts work in close partnership with our customers. We have Application Centers supporting all major markets. We will help you improve and facilitate the use of Peptan products in your application, co-develop new products with you and help you get them onto your market faster. For more information, please contact your sales representative.

RECIPES WITH PEPTAN® IIm

Peptan IIm, our powerful hydrolyzed collagen type II matrix ingredient, is optimized to ensure the best possible tableting and capsule filling performance. Its excellent compressibility and flow properties mean that you can count on worry-free production of high-quality tablets, capsules and other applications.

**COMPRESSED TABLETS**

Direct compression - 99% Peptan IIm
Effective at a low daily dosage, Peptan IIm can be easily tableted for providing joint health benefits. Tablets with Peptan IIm have a smooth, white appearance and the right hardness and disintegration behavior, making them a very popular format for dietary supplements.

**CAPSULES**

Direct filling - 99.5% Peptan IIm
Peptan IIm is an ideal, bioactive ingredient with high flowability for hard capsules. Capsules with Peptan IIm are ideal for consumers who are looking for an effective and convenient supplement to support their joint health.

Rousselot’s pharmaceutical grade gelatin is an ideal excipient to carry Peptan IIm.

**FUNCTIONAL GUMMIES**

Tasty while protecting cartilage
Compatible with other nutrients, these delicious functional gummies combine the best of joint health nutrients, including Peptan IIm, to promote healthy cartilage.

Rousselot’s food grade gelatin is an ideal excipient to carry Peptan IIm. Check SiMoGel on rousselot.com

**LIQUID SHOTS**

Comfortable joint on the go
Joint health is as important for healthy agers as for sportspeople. Peptan IIm’s unique combination of solubility and low dosage allows you to formulate it in small dosage shots or liquid gels. This offers consumers the flexibility to carry their daily shot of Peptan IIm anywhere, anytime.
